I still remember when I met Jaime a few years ago, on a plane.

But who is this guy with blue shoes? An artist? A designer? Maybe an actor? I did not understand anything...

I just knew that, without realizing, a rationalist like me, was excited about his green chickens designs and impossible dolls! What a great flight ...

Jaime is a catalyst, a Mary Poppins capable of disassembling you with his talent and energy.

Upon landing I knew that Jaime and Viccarbe would someday do a project together ... and it would not be just any project.

Welcome to ALETA collection

_V́ctor Carrasco

ALETA in Spanish means “fin”.

Inspired by the physiognomy and movement of sharks, Jaime Hayon has created the ALETA collection for Viccarbe.

The collection is designed and created for use in public spaces like restaurants, hotels or offices as well as residential spaces.

Composed of a chair and stool. The subtle details in the structure of the legs and the continuous movement towards its backrest, reflects the personality and character of Jaime Hayon.
