SILHOUETTE

GamFratesi's Silhouette Sofa series is characterised by the smooth curve of the sofa's back, which seamlessly combines a strong character with a simple, organic expression. With an angular front view and defining piping details, the sofa appears compact and economical with space, yet is light and spacious and offers generous seating.

The family comprises sofas in different sizes and heights, with legs available in steel or solid wood and a number of selected textiles to choose from. The different configurations and strong structural language make the sofa a natural choice for defining space and creating intimacy in large and small areas in private and public contexts.

Coda 100, Cognac leather piping, oiled solid oak legs

SILHOUETTE HIGH-BACKED

Our high-backed version of the classic Silhouette Sofa offers the benefits of a traditional high-backed sofa – an enclosed sense of intimacy and atmosphere.

Unlike many versions, which have a height of 130-150 centimetres and seem to dominate the room, HAY's high-backed version is only 108 centimetres high, so it creates a lighter expression while allowing sitters a broader outlook. Slim legs lift it elegantly from the floor, enabling the establishment of structured and private areas in open environments, while remaining airy in appearance.

HAY's high-backed Silhouette features a gracefully curved back that achieves a sculptural effect when viewed from any angle.

GamFratesi's Silhouette Duo Sofa series is characterised by the smooth curve of the sofa's back, which seamlessly combines a strong character with a simple, organic expression. With an angular front view and defining piping details, the sofa appears compact and economical with space, yet light and spacious and offers generous seating.

SILHOUETTE DUO

Low, 2-Seater Duo, back Remix 123, cushions & mattress Hallingdal 116, oiled solid oak legs

- SILHOUETTE DUO -

SILHOUETTE DUO

As with other members of the Silhouette family, this design comprises sofas in different sizes and heights, with legs in steel or solid wood, but the Duo variant combines two different textiles – one for the back, and one for the cushions and mattress. There are a number of selected textiles and combinations to choose from. The different configurations and strong structural language make the sofa a natural choice for defining space and creating intimacy in large and small areas in private and public contexts.
