SLIT TABLE

HAY's Slit Table is a geometric steel side table inspired by paper origami techniques. The slim frame appears folded beneath the tabletop, creating a simple yet sculptural form that is reminiscent of traditional Japanese paper art. The Slit Table is available in a selection of different shapes and sizes, and is offered in a variety of contemporary colours and finishes. Compact and versatile, it can be used on its own or arranged in clusters in diverse private or public settings.

MATERIAL

Powder coated steel. Mirror and Brass are crafted in high-gloss polished stainless steel. Brass is plated with a brass colour.

TULOU COFFEE TABLE

GamFratesi's Tulou Table was inspired by the traditional design of a tray table and the extra functional dimension it offers. Comprising two basic elements - a spun steel round tray with a firm, easy-to-hold edge and a four-legged frame in tubular steel - the minimalistic design enables the tray to be moved around different spaces. Available in a choice of sizes, colours and finishes, its flexible design means it is suitable for use in a wide range of private and public contexts.

MATERIAL

Spun steel tray with a tubular steel metal frame.

REBAR

Sylvain Willenz's Rebar collection is a series of coffee-, side- and tray tables that explores the possibilities of recontextualising construction materials and processes. The design juxtaposes the reinforced steel bar frame with black marble tops and metal trays to create a balanced aesthetic. The tables are available in different sizes in round, square and rectangular shapes, and are suitable for using in private, corporate or public spaces.

Base, Black / Tabletop, Marble

MATERIAL

18 mm polished marble tabletop with chamfered edges or 2 mm powder coated steel tray top.
16 mm anchor rebar fully welded frame.

EIFFEL

Based on a simple layering principal, Depping & Jørgensen have created a flexible and multifunctional range of shelving units and tables using cast aluminium leg modules with powder-coated MDF square, triangular or rectangular plates in different sizes. The shelving systems and tables are available in diverse colours, heights and shapes, making them suitable for use in a wide range of private and public contexts.

- TRAY TABLE -

TRAY TABLE

The metal Tray Table is a multi-functional piece of furniture that can easily be adapted to fit your needs. When the tray top is in place, it can be used as a bedside table or coffee table, and when the tray top is removed, it becomes a regular tray that can be used to carry items.

- DLM -

DLM

Thomas Bentzen's portable side table is aptly named 'Don't Leave Me'. Abbreviated to DLM, it features a convenient handle that allows the metal table to be carried from room to room. Although it has a lightweight and portable structure, the three slanted legs provide great stability. Available in two sizes, the DLM and DLM XL make functional alternatives to traditional coffee tables. Suitable for inside use in most home or office environments.

- BELLA COFFEE TABLE -

BELLA COFFEE TABLE

HAY's Bella Coffee Table is an understated table that is small enough to place anywhere. The ultra-thin surface and moulded oak veneer legs create a functional and aesthetically light table that can be used separately or positioned in pairs or groups.
