Saul

A trusty partner. Substantial, yet lightweight, Saul tables are allies and complements to the Arper collection of sofas and soft furnishings. An expansive plane rests gently on sloping legs, conferring durability yet graceful sensitivity. Materially rich tabletop finish options of marble or silkscreened smoked glass lend tactile presence to this agreeable form.

Saul collection of tables is graphic in form and slender in execution. Aluminium legs in optional heights (28,5, 36,5, or 42,5 centimeters) support tabletop options in various shapes and sizes. A small or large square, a round circle or a rectangle tabletop can be customized in black silkscreened smoked glass or white marble. The bold yet delicate lines of the Saul collection are designed to integrate with the Arper collection of couches, like Steeve and Sean, offering a sturdy and supportive partner to Arper's array of plush and soft furnishings.

Designer

Jean-Marie Massaud, 2010

Since the beginning of his career (as 1990 graduate of Paris' ENSCI-Les Ateliers, Paris Design Institute), Jean-Marie Massaud has been working on an extensive range of works, stretching from architecture to objects, from one-off project to serial ones, from macro environment down to micro contexts. Major brands (Arper, Axor, Christofle, Air France, Toyota) have solicited his ability to mix comfort and elegance, zeitgeist and heritage, generosity and distinction.

Beyond these elegant designs (from stadium, flying hotel, concept-car to art table and furniture collections) his quest for lightness – in matters of essence – synthesizes three broader stakes: individual and collective fulfillment, economic and industrial efficiency, and environmental concerns. His creations, whether speculative or pragmatic, explore this imperative paradigm: reconciling pleasure with responsibility, the individual with the collective.
