

# DIZZIE

---

arper

## Dizzie

With a deceptively simple, visually striking, silhouette, Dizzie tables are ideal for diverse settings from the domestic to the commercial. The sensuous, organic shape of the base suggests a drop of mercury.

Table bases are available in chrome or white-lacquered steel. White MDF or laminate tops are available in large, small, round or square oval. The h 50 version with oval base is available lacquered in four vibrant colors—moka, red, sand and black—in addition to white. The Dizzie marble tabletops are available in bar or side table size, and with two height variations each. The bases for size tables are available in noir sable and white; the bases for bar tables are available in white only.

### Designer

Lievore Altherr Molina, 2004

Lievore Altherr Molina was founded by Alberto Lievore, Jeannette Altherr and Manel Molina in 1991. Their humanist design approach is informed by the fundamental desire for pure, beautiful forms derived from the constraints of function, technology and context. Distinguished by a multi-disciplinary method that engages furniture, interior, product and package design, their work has been globally exhibited and acknowledged. They are the recipients of the prestigious National Design Award (1999) in Spain where they practice and teach extensively.

Lievore Altherr Molina have created some of our most influential and beloved collections, such as Catifa, Duna and Leaf.
