## Paravan Mood

The Paravan Collection's robust modularity is amplified by a set of Accessories that add an additional layer of use and personalization to the streamlined system of panels. Paravan's carefully composed geometry functions as a clean backdrop for collecting and exhibiting personal items or objects of inspiration, adding a personal touch to the minimal system.

Paravan's sculptural form is complemented by enhanced functionality in an accessories set designed to help organize and personalize spaces. Paravan's modular system of panels can be combined to create elegant curvatures or basic quadrants in customizable patterns, materials, and colors. With the addition of Paravan Mood, delineated spaces can be further personalized with options for a whiteboard, hook, mirror, wall-mount or panel-mount magazine holder, slim-line shelf, socket tower or desk panel. Paravan Mood are created from bended metal in matte white or dark grey finish. The desk panel can be covered in Arper's complete collection of fabric finishes lending additional options for customization to office spaces, lounge areas, meeting areas, restaurants, or learning spaces.
