Cascando®

What if each and every space becomes a center for inspiration and development?

RePower the joy of togetherness.

BOND

RECONNECT WITH BOND.

Creating a positive vibe in spaces is related to the comfort and privacy you offer to the people that use them. Great interior design ensures spatial élan and connection. With Bond, designed by Peter van de Water, Casando introduces a completely new series of seating elements that inspire connectivity between a space and its users. Better connect with Bond.

Bond single seaters and two and a half seat sofa.

INTRODUCING BOND.

Bond's design is striking yet modest in shape. The soft round shell that beautifully forms both back and armrest is a characteristic design element. Friendly, appealing and compatible. The matte black steel base signals refinement. Bond easily fits into any environment.

Bond single seater (integrated table as option)
in Kvadrat - Maharam Merit 0030.

ACTIVE AND COMFORTABLE.

Bond is a design that revolves around offering a perfect sitting posture. Very suitable for receiving people, meeting and quick discussions about important every day business issues.

The curvature of the back, the correct angle of the armrest and the density of the seat allow for a perfect seating solution.

The result: an active and comfortable seating experience.

in Kvadrat Divina-3 0236.

EMPOWER THE JOY OF TOGETHERNESS.

Bond fits perfectly into Cascando's design vision; creating a stimulating social environment that better connects people to space, and space to people. All in an effort to strengthen positive office cultures that facilitate individual and group work essentials.

Bond five seat sofa. Fabric Kvadrat Galaxy 0298.
Combined with Paddy poufs and Rombo planter.

Bond inspires a versatile use of space.

The slim steel base, in matte black lacquer, carries the beautiful seat shell in a natural way. Every Bond setting inspires a versatile use of space. It allows you to evolve spatial dynamics, improve usability and create a perfect match in any room.

The side table, suitable for working on your laptop or enjoying a coffee, can be easily placed on the base as an option. The table is also available in a freestanding version.

SUSTAINABLE DESIGN.

Bond's design is timeless and durable. High-quality materials and fabrics ensure a long service life. Bond is made with great attention to the use of raw materials and local production. We feel obliged to keep our footprint as small as possible.

BOND WELCOMES USERS WITH A FRIENDLY EMBRACE.

'It is striking how modest Bond's size feels when positioned in a space. The design looks quite compact, but when you sit down it feels generous and enjoyable. Each element in the series has been optimized in matters of size and comfort. Something that you will definitely notice when you experience Bond for the first time.'

‘Each element in the series has been optimized in matters of size and comfort.’

— Peter van de Water

LOBBY, LOUNGE OR OPEN OFFICE.

Receive, meet, relax? The series includes a generous armchair, two and a half seats, three seats, five seats and a corner sofa. With Bond seating elements, every room can be furnished in an inviting way.

SIT TOGETHER APART.

The aesthetic quality of a space gives trust to employees and visitors. Of course, safety and social distance is required too. The wide five-seater sofa and the spacious corner sofa offer the possibility to sit at a good distance from each other.
