

ARTOME

Far more than furniture

Redesigning audiovisual

Arto™ enables the imaginative use of spaces. Our smart furniture brings a new kind of ease and adaptability to audiovisual technology.

All-in-one

All-in-one solution

Built-in laser projector, embedded sound system and videoconferencing capabilities.

Installation free

Eliminates the need for electrical planning and cabling. Saves both time and money in construction.

Movable

Transforms any space for presentation, learning and hybrid working.

Movable

Maximizing space utilization by transforming spaces for evolving needs.

Easy

To adopt

No electrical planning or AV expertise is needed.

To use

In a factory-made solution all the functions work seamlessly together.

To trust

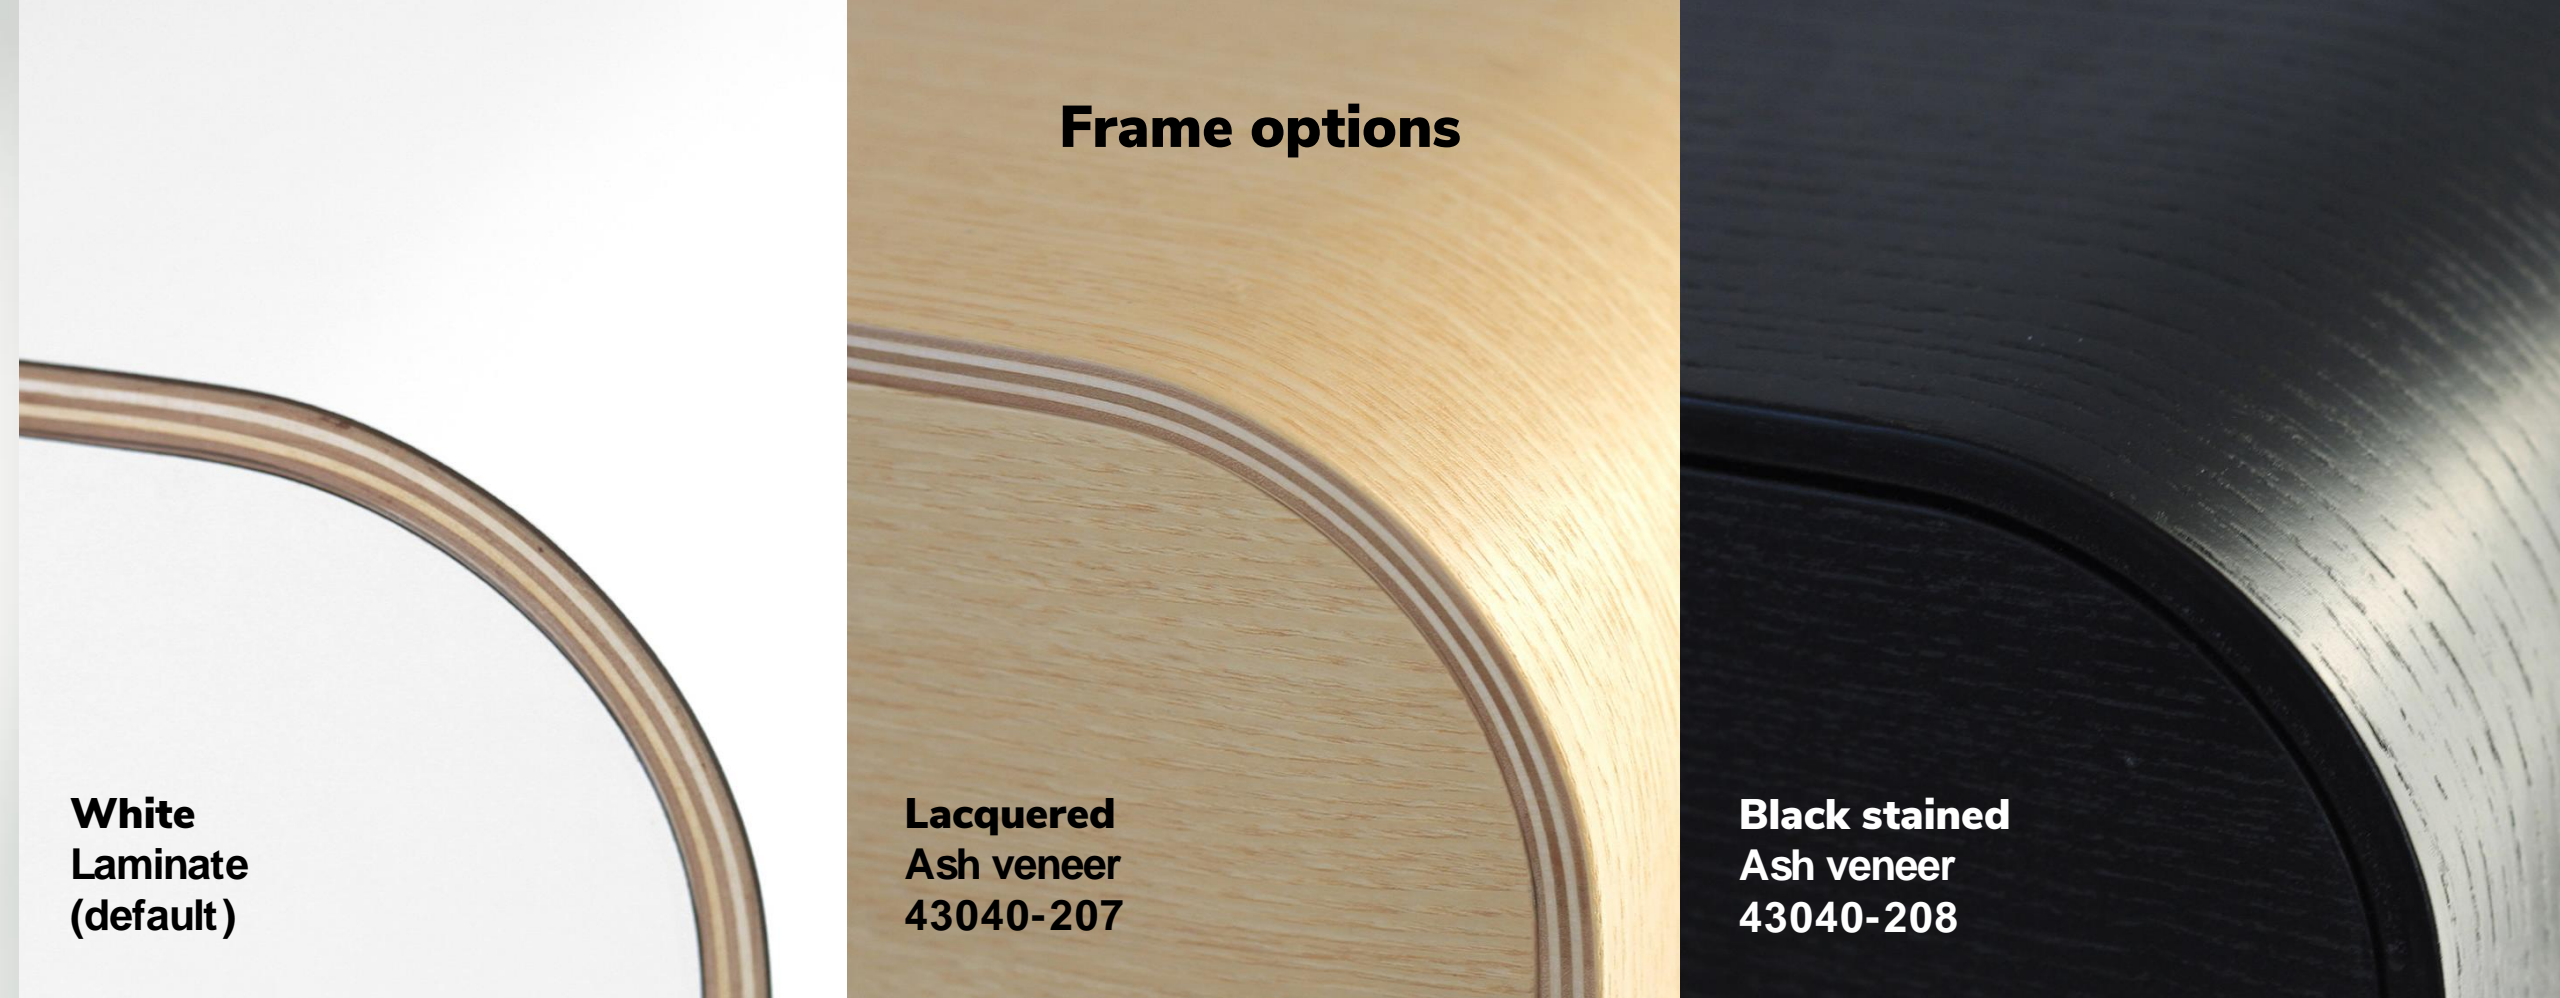

The whole smart furniture set up is being supported by a single point of contact.

- Scandinavian design furniture
- Image scalable up to 150" (3,3m wide)
- Sound system for bigger audiences
- Plug-and-play videoconferencing
