Ludovica + Roberto Palomba

Ludovica + Roberto Palomba, the golden couple of Italian design, for over 25 years have been designing timeless products that are far from trends. First of all, they have a philosophical approach: the search for the essence in every project, closer to the concept of balance of oriental heritage rather than to the nordic style, the goal of their work is not only an aesthetic result but for wellbeing.

A bold design, without inconsistencies, equidistant from the excess in the decoration and radical minimalism, the result of a selection of values and themes rather than a downsizing project. The curved lines of the organic forms and the strict squareness, conflicting worlds that they've been able to make them talk to each other, recognizing them as absolute protagonists.

NOHA

A simple gesture for wellbeing

Collection designed by Ludovica + Roberto Palomba, 2023

Since the beginning of our relationship with Italian architects Ludovica + Roberto Palomba, they have always helped us reflect on the importance of balance. Balance between designing sophisticated silhouettes with comfort and functionality as key features. We both share a deep commitment to creating friendly shapes with the highest quality materials to approach wellbeing in the most holistic way. Expanding collections within a successful collaboration that started with the Levitt range in 2007 is like adding more words to a common language. It is not only a way to continue on a path of organic success but also to explore new perspectives and visions. It's like adding new nuances and meanings to an ongoing story, making it richer and more complete.

In words of its designers, "Noha is a simple gesture, a pillow folded in the act of providing a comfortable seat, highly versatile, perfectly fitting into both workspaces and beyond. Our broadest and most ambitious range up to date, designed to create inviting and inspiring corporate environments. It is a collection aimed at bringing the pleasure of living into the office, so that this space can achieve the levels of hospitality, kindness, and refinement found in a domestic environment. Hence, a simple gesture that also becomes a technical object while maintaining softness, vision, and the sense of warmth that we find in residential settings."

Noha chair collection with different armrests and bases

Library | Noha chair with floor swivel base

Multiple bases for endless
versatility in the workplace

Noha chair with different bases and
metal armrests

Small meeting room | Noha chair with wooden base and Cambio table with black base and walnut finish oak table top

Large meeting room | Noha chair with flat swivel base and metal armrests and Cambio table in white finish

Softness, vision and a sense of warmth for comfortable gatherings where inspiration flows

Flexible space | Noha chair with flat swivel base and upholstered armrests and Cambio table in taupe finish

HUMANIZING SPACES

The Noha collection brings an idea of affectionate simplicity using domestic elements into the corporate world, helping to foster collaborative and inclusive behaviours in the workplace. A multi-purpose chair collection, made for the ones who believe in the power of friendly, comforting and pleasing designs to humanize workspaces and transform them into inspiring hubs where talent grows.

Boardroom | Noha chair with wooden base and metal armrests with Foro table in ash finish oak

Practical armrests for immediate comfort, making meetings and gatherings more pleasant

COMFORT ON THE GO

The collection includes a practical base with five casters, available in black or white finish. With the help of casters, Noha can be easily transported from one location to another, gaining dynamism and freedom of movement. Comfort on the go.

Home-office area | Noha chair with five casters base and metal armrests and Trestle table in ash finish oak

NOHA EXECUTIVE

In its most corporate version, the Noha Executive chair stands out for the sophisticated smooth lines of its high backrest and its cleverly balanced seat. With or without armrests, with a fixed wooden or metal base or on casters, the executive version of the chair collection designed by Ludovica + Roberto Palomba is a great addition to workspaces that seek friendlier shapes to make their teams feel comfortable and cared for.

FOUR LEGS IS THE ANSWER

When looking for an all-rounder chair look no further than Noha on four metal legs. In black or white, its sleek and smooth silhouette makes it suitable for any type of atmosphere, from receptions, board rooms and presidential offices to collaborative spaces, team lounge areas or corporate canteens.
