## Sofa collection

HAY has an extensive assortment of different sofas in a variety of designs that accommodate all kinds of spaces, styles and requirements. Available in a wealth of upholstery and colour options, our range covers all sofa needs – from simple and functional to voluminous and lounging – providing a comfortable central platform for living, working and socialising.

The collection includes two-and three- seater sofas like Arbour and Can, and flexible modular sofas, such as Quilton and Mags, which offer a versatile and module system with customisable options. All sofas are made in high-quality materials with a timeless design and durable construction, and are built to last for many years to come.

## Mags

Designed with maximum comfort and minimum details, the Mags Sofa and Mags Low Armrest Sofa combine strong aesthetics with timelessness to create a HAY classic. Keeping superior comfort and quality in mind, both models are built using a solid construction with durable, high-density foam and interior padding for optimal longevity. The low frame and deep seats have a distinctly loungy feel, which is further reinforced in the Mags Low Armrest Sofa by the lower armrests that create a more open, welcoming space.

The wide range of functional modular units enable both series to be fully customised with chaise longue, corner modules or additional seats to suit any room or purpose, while the upholstery options enable each sofa to find its own personality.

The wide range of functional modular units mean the sofa can be fully customised with chaise longue, corner modules or additional seats to suit any room or purpose.

## Mags Soft & Mags Soft Low

Rounded edges and soft cushions create a milder, relaxed tone with the Mags Soft Sofa. Optimal comfort and durability are ensured by the sofa's solid construction, which has been built using durable, high-density foam and covered with a duvet for extra softness. The low frame has a distinctly lounge feel, which is reinforced by the deep seats and results in an open, welcoming space.

The wide range of functional modular units mean the sofa can be fully customised with chaise longue, corner modules or additional seats to suit any room or purpose, while the numerous high quality upholstery options allow the sofa to find its own personality. The Mags Soft series also includes the Mags Soft Low Armrest model.

Retaining the same strong aesthetic presence as Mags, more pared back sibling, this version takes on a more fluid, poetic silhouette.

## Quilton

Described by the designers as a 'quilted landscape sofa system', Quilton serves as a central platform for living, working, socializing, and relaxing. Offering a wide assortment of different modules, Doshi Levien's multi-functional sofa provides the flexibility of a modular system with generous dimensions and sculpted forms. The finely-detailed quilted upholstery is available in numerous options, encapsulating the softness and volume of the foam and wadding seats and creating exceptional comfort. Quilton takes sofa design to a new level of versatility that makes it suitable for a wide range of domestic and public spaces.

Offering a wide assortment of different modules, Doshi Levien's multi-functional sofa provides the flexibility of a modular system with generous dimensions and sculpted forms.

## Arbour

Designed by Norwegian designers Andreas Engesvik and Daniel Rybakken, the Arbour series embodies the concept that design should follow construction. Assembled from independently produced components, Arbour was developed to create a compact, comfortable and durable sofa. The solid wooden frame clearly defines the sofa's space, creating a contrast that amplifies the soft, organic seats inside the architectural exterior. With its logical construction and uncluttered design language, Arbour fuses its distinctly Scandinavian aesthetics with high comfort and great durability. The Arbour family comprises a two- and three-seater sofa, and the more compact Arbour Club Sofa and Armchair, all available in selected EU-Ecolabelled upholstery options.

Developed to offer a compact and durable sofa with a sustainable profile, the Arbour fuses distinctly Scandinavian aesthetics with high comfort and great durability.

## About A Lounge Sofa

Sharing the same minimalistic principles and versatility as the rest of the series, About a Lounge Sofa is a cohesive fusion of two lounge chairs. With its curvy lines and organic expression, it invites close, intimate meetings at the same time as it offers an open and welcoming structure.

The choice of oak finishes on the legs and upholstery colours and combinations allow you to create your own unique design.

With its curvy lines and organic expression, About a Lounge Sofa invites close, intimate meetings at the same time as it offers an open and welcoming structure.

## Can

With the Can sofa, Ronan and Erwan Bouroullec seek to go beyond the creation of a practical, elegant and comfortable design. The intention is to reinvigorate the whole idea of the sofa, from something inherently complicated to something simple, relaxed and accessible.

The sofa comes flat-packed and can be easily assembled at home from three basic elements – frame, cover and cushions.

The Can sofa seek to go beyond the creation of a practical, elegant and comfortable design.

## Silhouette

GamFratesi's Silhouette Sofa series is characterised by the smooth curve of the sofa's back, which seamlessly combines a strong character with a simple, organic expression. With an angular front view and defining piping details, the sofa appears compact and economical with space, yet light and spacious and offers generous seating.

The family comprises sofas in different sizes and heights, with legs available in steel or solid wood and a number of selected textiles to choose from. The different configurations and strong structural language make the sofa a natural choice for defining space and creating intimacy in large and small areas in private and public contexts.
