PRODUCT FACT SHEET

## CPH DEUX 220

DESIGN BY RONAN & ERWAN BOUROULLEC, 2012

Part of the Copenhagen range designed by Ronan and Erwan Bouroullec, the CPH Deux 220 Table shares the same uncluttered profile and strong identity that are consistent with the rest of the collection. This variant features a round tabletop that softens the engineered expression, making it equally suitable for intimate meetings and larger, café-like environments, with an ability to blend into private homes as well as public spaces. The table comes in two different sizes with a solid beech or oak frame in various finishes, and the plywood tabletop has different Nanolaminate colour options. Tables with four legs are EU-ecolabelled and made from FSC-certified wood with a water-based lacquer.

### HIGHLIGHTS

- Multi-functional family of tables and benches in different shapes, sizes, materials and colours.
- Variability of nanolaminate colours and frame finishes.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.
