HAY

Neu Collection

The Neu Table collection comprises a series of tables, high tables and low tables that all share the same simple construction with a tabletop attached to a tubular central pole and angled 4-star pedestal base. Crafted in outdoor powder coated steel and cast aluminium to offer greater durability and resilience, the tables have a versatile quality that make them well-suited to both indoor and outdoor use. Their uncluttered lines give them a sleek, understated expression, making them a popular choice for public spaces such as cafés, bars, and offices, as well as private areas such as gardens and balconies. Depending on the model, they are available with a round or square table top, in different height and colour options.
