PERXA COLLECTION

Chair

by Piero Lissoni, 2024

Piero Lissoni has once again captivated our spirits with Perxa, his latest chair collection for Viccarbe. Crafted with generous proportions to embrace all users, Perxa seamlessly fits into any context, offering exceptional comfort for prolonged use.

The detailed solid ash wood backrest, featuring smooth curves and angles, ensures exquisite versatility. Thanks to its thoughtful design, proportions, and finishes, Perxa has been crafted to sit every user type and is perfect for office, hospitality, and residential environments. Whether in meeting rooms, as a guest chair in private offices, in work cafes, focus hubs, or even in modern living rooms, the collection conveys warmth and tranquility to any setting.

Perxa features a robust yet lightweight structure, combining metal with timber from controlled sources, for easy mobility without compromising durability. Available with either a matching plywood seat or an upholstered one for enhanced convenience, both options are stackable. The solid wood armrests add an extra touch of warmth, further enhancing the chair's inviting appeal.

Lissoni infuses this new chair range with pure lines and formal precision, creating a sophisticated and enduring collection that resonates as a true contemporary icon. In all its variations, Perxa is a timeless addition to bring collaborative spaces to life.

MULTIPLE SHADES OF WOOD

Perxa Collection

Perxa chair with different stained and upholstered seats

Five wood tones are available for Perxa's backrest, seat, and armrests. Choose the lighter tones to create a fresh, airy atmosphere, ideal for modern, minimalist working or living settings. Medium wood tones bring warmth and sophistication, seamlessly fitting both contemporary and traditional interiors. For more character, choose the richness in dark timber tones. Versatility does not stop there. The chair's steel frame is available in white or black, allowing endless color combinations to suit the demands of any collaborative space.

FINDING FOCUS IN SHARED SPACES

In settings where concentration is paramount such as libraries, focus hubs in offices or individual work stations in shared spaces, Perxa offers a quiet and comfortable place to immerse oneself in study or research. The design prioritizes the user's wellbeing, incorporating a supportive structure and comfortable solid wood armrests that encourage proper posture. This is particularly beneficial for long periods of sitting, reducing strain and fatigue.

FLEXIBILITY & CONVENIENCE

The collection by Piero Lissoni offers two distinct seating options: one solely in wood and the other with an upholstered cushion, ideal for prolonged use settings such as meeting rooms or fine dining restaurants. Both versions are designed to stack, providing practical solutions for space management. Whether it is in a conference room, a dining area, or a multi-purpose hall, this ability to stack the chairs when not in use provides flexibility and convenience, making it easy to adapt the seating arrangement to changing needs.

LET'S DO LUNCH WITH PERXA

Perxa brings a notable warmth to hospitality projects such as restaurants and coffee shops, creating a cozy and inviting atmosphere for guests. Its natural texture and timeless silhouette evoke a sense of comfort and hospitality, encouraging to relax and enjoy the present moment. This type of chair not only enhances the aesthetics of the space but also fosters an environment conducive to social interaction and collaboration. With Perxa, diners feel more inclined to spend time together, elevating the overall dining experience.

Perxa draws its inspiration from artisan furniture making and a humble yet profoundly significant object in Valencian tradition: the oar used to navigate the serene waters of La Albufera, a freshwater lagoon on the Mediterranean coast with is rich with diverse waterfowl, lush vegetation, and expansive rice fields. This oar, called Perxa, symbolizes a deep-rooted connection to the land and its legacy, representing a renewed appreciation for the art of design. This purposeful concept pays tribute not only to Valencian tradition but also to the refined elegance of Italian design, creating a perfect harmony between these two cultures that transcends the ordinary. Every piece is crafted with care and precision, honoring the skills passed down through generations.

Piero Lissoni

32

Perxa Collection

Piero Lissoni is an acclaimed Italian architect and designer, renowned for his sophisticated and contemporary approach to design. His work spans architecture, interior design and product design, consistently marked by a minimalist yet elegant character that pairs great functionality with aesthetics.

Lissoni's connection with Viccarbe began in 2010 with the launch of the Season collection which is today a great hit in renowned interior design projects and corporations from all around the world. In words of the designer, "Viccarbe brings a clear and defined vision to each project, which has helped in achieving successful outcomes from the very beginning." In 2020, Lissoni introduced the Ears chair and stool collection, blending mid-century design elements with contemporary aesthetics. The designer has continued to push the boundaries of contemporary design, creating furniture for Viccarbe that not only meets the demands of modern lifestyles but also elevates the aesthetic quality of the spaces they inhabit. This 2024, Lissoni was awarded with the prestigious Compasso d'Oro, recognizing his illustrious career as a leading figure in Italian design culture.

WORK IN PROGRESS

Perxa represents the pinnacle of this successful collaboration. The collection embodies the essence of modernity and tradition, highlighting the Italian designer's ability to innovate while honoring the rich heritage of Valencian furniture making. The hallmark to become a timeless classic, marked by an exceptional quality, warmth and enduring appeal.
