

Knoll

Pilot by Knoll® Chair and Ottoman

Designed by Edward Barber and Jay Osgerby, Pilot by Knoll is an innovative swivel lounge chair that marries visual and material lightness with exceptional comfort. The cantilevered seat, which features a unique upholstery substructure for greater flexibility, appears to float in the air, giving the chair a refined silhouette and an essential, timeless appeal. Meticulous craftsmanship is illustrated in the stitch detail, which features open parallel double sided seaming for added dimension. Available in high or low back versions with loop arms, upholstered arms or armless.

Designer Edward Barber and Jay Osgerby

Benefits

- Exceptional Comfort
- Timeless Form
- Creative Configurability

Warranty 5 Years

Key Features

1. Cantilever Base

The seat is cantilevered from the base, contributing to the chair's visual lightness, while also providing a comforting flex as the user sits.

2. Upholstery

The chair's tailored form and meticulous attention to detail in the parallel double-sided seaming, illustrates the craftsmanship of Knoll's upholsterers.

3. Back Heights

The Pilot chair is available in both low and high back options.

4. Arm Options

The chair can be specified with fully upholstered arms for a softer aesthetic, loop arms for a more formal appearance, or without arms.

5. Materiality

A diverse selection of fabric and leather options are available, allowing specifiers to dial into their client's unique personality.

6. Comfort

The flex offered through the cantilevered base, coupled with the curve of the backrest and optional ottoman, creates an enhanced experience of comfort for the user.
