

# Layout Studio<sup>®</sup>

It's easy for anyone to find a work base in Layout Studio. It integrates with personalised work tools and storage from across our product portfolio and can take many forms across the office landscape in seated or standing heights. Layout Studio's choices play well with organisations, too. It lets them scale up or down as needed, and accommodates local preferences within a global system.

## Key features

### 1. Scalable solution

Layout Studio's ability to scale in size, height, boundary, and work tools means it can be reconfigured as the needs of individuals, teams and organisations change.

### 2. Power access and cable management

There's power at the surface for easy access and there are cable trays below the surface that keep power and data cables organised and out of sight.

### 3. Aesthetic choice

With multiple leg designs and materials to choose from, Layout Studio can fit the aesthetics of any space.

### 4. Bound Screens

When paired with Bound Screens, Layout Studio can provide boundary and privacy.

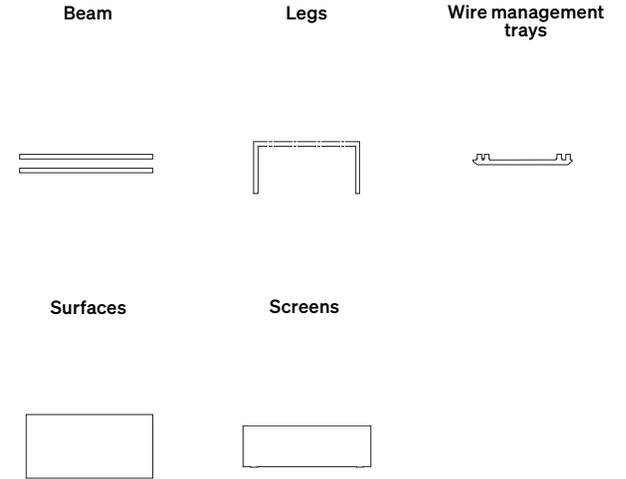

## Benefits

- Allows people to personalise their work areas
- Design that works across different countries and cultures
- Responds to evolving needs, thanks to its scalability

## Warranty

12-year, 3-shift
