2021

Marc Krusin

Marc Krusin began his career in Italy where he worked at the heart of the Milanese design scene for more than 13 years.

He became Piero Lissoni's right-handman and associate, leading all types of projects from product to interior design for clients of international reputation.

He now has his own practice in London and continues consult and design spaces and products for clients in several countries around the world. In addition to designing, Marc has taught and lectured at universities in Europe and Australia and regularly speaks about his experience at events and conferences.

SOLAR

Reach for the Sun

Table designed by Marc Krusin, 2021

Solar is the result of our relentless search to attain an added value in every new project that we launch at Viccarbe.

A disruptive, out-of-the-box vision, which analyzes human behaviors yet to be resolved, and creates new collaborative models for both Indoor and Outdoor. Solar enhances privacy and collaboration, physical distance, and proximity. A great

all-rounder that connects and brings spaces together. A mix of options due to the simple and sculptural proposal of a swivel table and an integrated seat, that rotates according to the user's requirements when needing to move towards a co-worker or when demanding a dose of sunshine, as an elegant sunflower, to rejuvenate and switch off after several hours indoors.

"A disruptive, out-of-the-box vision, which analyzes human behaviors yet to be resolved, and creates new collaborative models for both Indoor and Outdoor."

OUTDOOR VERSION

Solar for outdoor has a metal structure and a compact tabletop, and its seat can be made in compact or upholstered in any of the available outdoor fabrics.

On these pages, featuring Solar table outdoor version with white structure and upholstered seat

Solar allows you to spin in
search of sunlight, a colleague
or some privacy

tabletop in cognac and upholstered seat

Privacy

Retreat outdoor with Solar to disconnect, work, dine or enjoy the alfresco area. Privacy is always guaranteed.

Collaboration

Choose your side with Solar, a clever piece to foster collaboration in team meetings, promote communication and enhance concentration.

CORPORATE

The exterior is now an extension of the office space. Solar table opens new territories and possibilities to take advantage of the outdoor scene. A place to work, share and create.

On these pages, featuring Solar table outdoor version in white finish

FLEXIBILITY IS COVERED

The disruptive table promotes flexibility in and out. No matter the location, Solar table has got it covered.

EDUCATIONAL

Solar table enhances focused and independent work but at the same encourages collaboration thanks to its swivel base. A great flexible piece for classrooms, universities and modern conference rooms.

Includes hook under tabletop, MAX 15kg.

The Battery Pack provides up to 8 days of autonomy

An autonomous & secure USB charging station is available. With the USB pack, the charging unit can be easily installed under the tabletop. 2 USB ports allow fast charging of phones, tablets, power banks and other devices. The Battery Pack is powered by a 15 Ah battery which provides up to 8 days of autonomy depending on its use.

On the left page, Solar table with the charge system battery pack.

Charging devices

The Charging tray allows 4 batteries to be recharged simultaneously in 7 hours. It can be used flat or fixed on a wall.

A magnetic key allows you to unlock the battery and extract it in a jiffy to recharge it.

The Battery pack has been designed for professional use. Its reinforced case and its IP 65 certification allow it to be used both indoors and outdoors.

Mix and match all the options available for Solar. You can unleash your imagination to design your bespoke sofa from zero, to best fulfil your requirements or, if you prefer, you can get inspired by a series of pre-defined compositions that will help you bring this collaborative island to life into your projects.

Either way, the final result will be a comfortable table that fosters interaction, well-being and productivity, all in one. A singular collaborative piece that is able to add a contemporary twist to homes, workplaces, hotels and high-traffic environments all around the world.
